

GHULAM AHMED COLLEGE OF EDUCATION

Annual Report 2025-26

The Academic Year **2025–26** was a year of academic enrichment, institutional growth, and community engagement for the Ghulam Ahmed College of Education. The institution continued its commitment to excellence in teacher education through innovative teaching practices, research initiatives, and outreach programs aligned with national educational priorities. Accredited by NAAC with an A+ grade, the college continues to uphold its vision of fostering quality education, innovation, and professional competence among future educators.

CURRICULAR ACTIVITIES:

Theory Classes and Evaluation: Regular theory classes were conducted for college students. Student teachers were trained in various teaching competencies; they experimented with a range of methods in their practicum schools, utilising innovative techniques such as Constructivism, Active Learning, the Concept Attainment Model, Co-teaching with peers and school teachers, etc. Internal examinations were conducted regularly for students of B.Ed. and M.Ed. courses.

Use of ICT: Several multimedia presentations were prepared by students with the help of PowerPoint in different subjects like Mathematics, Physics, Chemistry, English Language, Social Studies, and Biological Sciences. The students also prepared digital lesson plans, blogs, brochures, and newsletters. The students made digital e-portfolios in which they incorporated excerpts of all the activities taken up by them in 2 years. Excellent ICT facilities are available in the 2 computer labs of the college. Computers with the latest configuration were purchased for college use.

Library facilities: The college library has a collection of about 11,333 books. It subscribes to 07 magazines, 22 journals, and 9 newspapers. The DELNET facility is available for the use of staff and students. The computer and internet facilities are available to the teachers, students, and library staff. CCTV cameras are installed in the library. The students are encouraged to use the library extensively for reference work in their theory subjects, research work, assignments, etc.

Mentorship: An effective strategy used to train student teachers is by assigning a formal mentor to work one-on-one with them. The lecturers of the college are entrusted with the responsibility of mentorship. They monitor the progress of the students regularly and help in resolving their problems, if any.
