One Minute Speaking  
Topic :- Skill which you want to learn Instantly.

## LIFE SKILLS ACTIVITY- [CREATIVE THINKING].

### • Foam Flowers.

I made foam flowers in the creative thinking session which are commonly used now-a-days for decorative purposes because of their traits like they will not crease, crush or fray and also are lightweight and inexpensive.

- Materials Required:-
1. Colourful foam sheets
  2. Glue
  3. Copper wire
  4. Iron

### Procedure:-

- Cut a foam square in half. Choose any color you'd like, since they come in a variety of hues.
- Now cut the foam square into a flower and place it on the iron so that the foam curls in its shape and a flower shaped structure with petals is obtained.
- Create a loop. Put a line of hot glue across the bottom of the foam sheet or insert a copper wire and fix it in such a way that it forms the stem of the flower.
- Finally, attach all the flowers to one thick copper wire so that it looks like a bouquet.

### Reflection:-

By doing this activity I realized that I can be very creative and without have to spend much on the material used. The outcome was fabulous and everybody appreciated it. Though it was a time consuming process but the result makes

## SUKSHMA VYAYAMA (MILD EXERCISES)

This group of Asanas is concerned with loosening up the joints of the body. It eliminates energy blockages in the joints and outer extremities of the physical body and works on the pranic and the mental level as well.

### Preca.

- The practice can be performed with awareness of the actual physical movements.
- The practice is to be performed in Synchronization with breath.

It is beneficial for those suffering from rheumatism, arthritis, high blood pressure, heart problems or other ailments where vigorous exercise is not advised.
